The Trip Of A Lifetime With Outback Encounter

Conde Nast adds Outback Encounter to The Dream List

Conde Nast has recently produced The Dream List, containing 32 Trips of a Lifetime. The list is made up of some of the world's most sought-after travel experiences—those that take you behind the scenes, allowing privileged access to people, places, and events that are verboten to most.

Outback Encounter is proud to present Australia's trip of a lifetime, Aboriginal Artifacts, which involves a private tour of Adelaide's South Australian Museum, which has the most comprehensive collection of Australian Aboriginal artifacts—as well as the best opalized fossil collection—in the world. The museum's indigenous-culture expert will show you around, and you'll also visit an off-site warehouse full of items, including thousands of boomerangs and spears from across Australia. Finally, you'll stop at Marshall Arts, a gallery that specializes in contemporary Aboriginal pieces.
